Final

**A winning combination
Matching side doors from Hörmann UK**

The NT60 side door from Hörmann has been designed and developed to perfectly complement their extensive selection of garage doors. Manufactured from the same panels as the garage door range, the NT60 side door creates a harmonious, aesthetically pleasing look whilst providing a quality product that is easy to fit.

They are available as either a single (NT60) or a double leaf option (NT60-2). The single door leaf is available in widths of up to 1330mm, with a maximum height of 2558mm, whilst the double leaf version is supplied in widths of up to 3000mm and a maximum height of 2558mm. The NT60 door is supplied with 3-way adjustable hinges in either black, white, or aluminium natural finish, with concealed hinges available as an option. Security is assured with the latest locking systems with an optional upgrade to break-in-resistant RC2 level security which features a 3-point locking system.

Supplied in the same finishes, colours and decors as their garage door range, with even the alignment of the ribbing being able to be matched, the NT60 side door installed alongside a Hörmann garage door offers an unbeatable match.
